WILMINGTON WANTS WEALTHY CHINESE TO REMAIN CITIZEN

Having Returned Home, John Has Trouble Getting Back to Adopted Home--Raleigh Politics Growing Warm.

Special to Telegram.

Raleigh, April 14.—The state authorities here are being asked by friends in Wilmington to intercede with the department of labor and commerce at Washington for a Chinese laundryman of Wilmington who accumulated a considerable fortune in Wilmington, and to his native land to carry the body of a deceased brother, and on his return to this country was refused the right to land under the Chinese exclusion act, regulation on account of some one who signed to be allowed to return to China on his sad mission. Through intercession of Wilmington friends he was permitted to go to Wilmington until May 1 and now the effort is to completely remove the disabilities. He has quite a good deal of property there and also stock in banks and other enterprises.

The Raleigh municipal primaries take place Monday and the contest is waxing more strenuous daily with conditions that make it next to impossible to forecast the outcome. It will be an Australian ballot affair that applies to all parties. However, the Republicans are standing aloof and letting the Democrats fight it out among themselves except for some Republicans who are registering to take a hand inside Democratic ranks. This cannot be prevented where the party applying declares his intention to vote the Democratic ticket in the primary and abide by the result of the party contest. It still looks like former Mayor James I. Johnson will succeed Mayor J. Stan Wynne who failed of getting the general support of the "good government" forces by whom he was put in two years ago over Johnson, because they fear this time that if they make a fight for other than the aldermen they may lose all in the close contest. The board will probably be divided with very much doubt as yet as to which side will have the majority. All the other contests for office are being fought out largely on personal grounds.

The North Carolina Society Daughters of the Revolution which publishes the North Carolina Booklet for the furtherance of the interest in North Carolina history, thereby doing a most valuable work and applying the revenue from the enterprise to the patriotic work of the society in placing memorials, notably the memorial to the Edenton Tea Party in the rotunda of the state house here, is just issuing the April number of the Booklet which contains: "The Baptism of Virginia Dare," by Rt. Rev. Joseph Bolunt Cheshire; "The Early History of Craven County," by S. M. Brinson; "Jacob Marling, an Early North Carolina Artist," by Marshall Delancey Haywood; "Social Conditions in North Carolina in 1783," by S. A. Ashe and "Rowan County Wills and Marriage Bonds," by Mrs. M. G. McWhinnies. The Booklet also makes the interesting announcement that for the next number there will be papers by Major W. A. Graham, on "Why North Carolina was Opposed to Secession," by Prof. John A. Lomax, giving Folk Songs of North Carolina; a paper on Revolutionary Government by T. M. Pitman; "History of Halifax

County," by Chief Justice Walter Clark; "News, Travel and Transportation-Preface," by Dr. Charles Lee Smith. Miss Mary Hilliard Hinton, who is secretary of the North Carolina society, is the author of The Booklet.

The North Carolina Academy of Science is to hold its tenth annual meeting with the A. & M. College, here April 28 and 29 and there are assurances of the presentation of a number of unusually interesting technical papers. Thus far the titles of seventeen papers have been filed with the secretary, who is E. W. Gudger, Jr., Greensboro.

The recent legislature having passed a special act for the encouragement of the establishment of public libraries in towns of 3,000 and more inhabitants, now without libraries, the State Library Association is preparing to launch a campaign to bring about just as rapid progress in that direction as possible. The association is also moving in the direction of getting together a number of small special topic libraries to be loaned to different communities as called for. The association has re-elected all officers for the next year, including Dr. Louis R. Wilson, Chapel Hill, president, and Miss Minnie W. Leatherman, secretary.

Governor Kitchin ordered today the convening of a special term of superior court for Robeson county at Lumberton May 15 to continue one week, Judge C. M. Cook to preside. It will be for the trial of criminal cases.

Commissions are issued by Governor Kitchin reappointing James Sprunt, chairman; J. W. Harper, vice chairman; Richard Dosier, H. G. Smallbones, William St. George and L. Brown McKoy, the latter secretary, as members of the board of commissioners of navigation and pilotage at Wilmington. The new commissions date from May 1 at which time the present terms of office expire. The board controls navigation in the Cape Fear river and bars and licenses the pilots.

Very handsome new colors for the Third Regiment, North Carolina National Guard have been received at the office of the Adjutant General of the North Carolina Guard here from the United States war department. It is regulation design and bears the inscription "Third Regiment N. C. N. G." The colors are of finest silk material and cost \$160 each.

The Southern Car Company, of High Point, for the manufacture of electric street cars especially, recently brought under the control of the electrical power consolidations being engineered by the Dukes and other interests, filed today with the secretary of state an amendment to its charter increasing the capital to \$300,000 from \$250,000. E. A. Snow is president of the corporation. The business is to be greatly enlarged. Another important electrical corporation just chartered is the Hydro-Electric Co., Raleigh, capital \$300,000, by A. C. Wyldiff, H. E. Parker and F. H.

MACVEAGH MAY BE SUED FOR LIBEL

By Publishers' Press.

Cleveland, April 14.—Charles F. Leach, the deposed collector of customs of this city, is in Chicago, and is prepared, he asserts, to file suit against Franklin MacVeagh, secretary of the treasury, for \$200,000 damages for alleged libel. He said the suit would be filed this morning.

Big Cargo Naval Stores.
Pensacola, Fla., April 14.—What is claimed to be the largest cargo of naval stores ever shipped from the United States to a foreign port left here today on the British steamer Berwind Moor for Bremen and London. The shipment comprises 9,000 casks, or 467,000 gallons of spirits of turpentine, and 21,800 barrels of naval stores, the total having a valuation of nearly \$800,000. The shipment was made by the American Naval Stores Company which has about 10 times this amount in its yards in this city.

Fast Time on New York Central.
Buffalo, N. Y., April 14.—Engineer Childs, of Syracuse, a New York Central railroad employee, holds the speed record for American railways today as the result of his feat yesterday in driving fast mail train No. 43, carrying seven steel mail cars and two Pullmans, from Bellevue to Lancaster, a distance of three miles, in one minute and 51 seconds. The first mile was made in 38 seconds, the second in 37 and the third in 36 seconds.

PROTECTION OF AMERICANS ALONG MEXICAN BORDER DEMANDED BY PRESIDENT TAFT

By Publishers' Press.

Washington, April 14.—President Taft, through the state department, tonight sent a preemptory demand to both the Mexican government and the leader of the insurgents at Agua Prieta that the battles between the rebels and federalists must not be fought so close to the American line as to put in jeopardy the lives and property of American citizens and that the Mexican government must see to it that no such unfortunate incident as that of yesterday at Agua Prieta be allowed to occur. Two Americans were killed and eleven wounded as a result of yesterday's battle.

The American officers along the border have received instructions to prevent fighting close to the border and if necessary to stop the fighting by force of arms. The greatest battle of the revolution

EDUCATORS TO HOLD SESSION IN RALEIGH

Special to Telegram.

Raleigh, April 14.—Although the delayed trains prevented the conference of officers of the North Carolina Teachers Assembly to have been held tonight to select the time and place for this year's assembly it is conceded that Raleigh wins over Greensboro. President C. L. Coon, Vice President E. C. Brooks and Secretary R. D. W. Connor are to confer tomorrow morning when they will formally announce Raleigh as the place.

Greensboro offered to guarantee revenue equivalent to five hundred membership fees, but Raleigh obligates to raise \$500 cash for the assembly, which will have the local and other membership revenue in addition. The sessions are to be some time in November instead of during the summer. The federation is now composed of the assembly, the state association of city superintendents, the state association of primary teachers and the state association of county superintendents. So all will be here as constituting the teachers assembly.

Durham Dry Goods Concern In Bankruptcy.

Durham, April 14.—Late this afternoon A. L. Wissburg was appointed receiver for the Robbins Dry Goods Company, at the instance of A. C. Beck, a stockholder of the concern. The company has been in business here for a little more than two years.

Charles Robbins has been manager of the store. It is claimed that there are assets of \$18,000 with liabilities of \$16,000, but that poor collections caused slackness in meeting obligations. The receivership papers are returnable on April 24 before Judge Frank Daniels in Greensboro.

WELFARE OF CITY WAS CONSIDERED BY ALDERMEN

Preparations Being Made for War on Flies--- Library at A. & M. College Discussed--- Ladies of Civic Department Commended.

The regular semi-monthly meeting of the Board of Aldermen was held yesterday afternoon, Mayor Stafford presiding, and all the members being present. A number of matters of routine nature were attended to, the session lasting nearly three hours. The board will hold but one other regular meeting, this falling on Friday night, April 28.

In the matter of purchasing a strip alongside Church street near the Hendrix street crossing it was recommended that \$75 be paid the owner of the property for the strip. The recommendation was adopted.

Dr. J. T. J. Battle and Dr. W. P. Beall appeared before the board and asked that some action be taken looking to the passage of an ordinance that would tend to decrease the swarms of flies that usually have "rooms" in the city during the summer months. Dr. Battle stated that while screens were quite useful in keeping flies out of residences that they were of no use in preventing the pests from breeding. Clean up all the filth from in and around the horse stables and you will have done much to do away with flies, Dr. Battle stated. The physician read a number of statistics showing how rapidly flies increase. Two pairs of flies turned loose on April 1 will increase by leaps and bounds until, he said, on the last of May there will be in the city something like 32,068,201 flies, all descendants of the two pairs originally turned loose. He urged that immediate steps be taken to prevent such an enormous plague of flies during the summer months. Flies are, doctors state, messengers of disease, in that they communicate contagious disease as no other one thing does. A committee composed of Aldermen Smith and Glascock was appointed to consult with the health department and discuss the situation and draft an ordinance if they see fit and present it at a later meeting of the board.

E. P. Wharton and A. T. Whitsett came before the board with a proposition to secure from Andrew Carnegie \$12,000 for a library for negroes in the city, the A. & M. College agreeing to give the site and \$1,200 annually to the support of the library, the institution to be used jointly by the college and the negroes of the city so long as the city made an annual appropriation of \$800 to the college to help maintain the library. Or the college would give the city a deed for a site on the college grounds and \$800 annually to go towards the maintenance if the city would contribute \$1,200 annually for the institution. Mr. Carnegie has already made the city a proposition to give the money for the erection of the building if an annual appropriation of 10 per cent of the amount given be contributed annually for the maintenance of the institution. In view of the fact that the term of the board would soon end it was suggested that the matter be held off until the commissioners take charge and this was agreed to by Messrs. Wharton and Whitsett.

W. H. Swift asked that action be taken regarding the license of the slaughter houses just outside the city had agreed to pay in order to have the meat inspected.

tor come out to their places at certain hours to inspect the animals before and after killing. The committee reported in favor of requiring the slaughter men to pay the license as agreed, the report being adopted.

A letter was read from W. N. Collier & Co., requesting that a bill of sale be made by the city against the Public Service Company from the street lighting equipment purchased from the city by the company. The city attorney was instructed to draw up the bill of sale and the mayor was authorized to execute the same. The city clerk was instructed to secure certified copies of the bill empowering the sale and the bill validating the contract made with the company for lighting the streets of the city.

The civic department of the Woman's club requested that the city pay \$5 for setting the stage for the Civic day exercises on March 10. Inasmuch as the board had previously gone on record as being opposed to paying the sum of \$5 for the work, which can be done in ten minutes, the request was declined. An appropriation of \$15 was made to the department to be used in paying the prizes offered to the children in the cleaning up campaign contest. The ladies were complimented for the work they are doing in arousing interest in a cleaner city. Incidentally it was stated that there were many complaints by parties about not being able to reach the health officer by phone when they want trash removed. The chief of police was requested to take the names and addresses of all persons calling for the health officer at the police station and the health officer will be instructed to call two or more times daily for these addresses.

Alderman King moved that Mendall street from Spring Garden to the railroad be accepted by the city, this motion carrying unanimously.

City Attorney Snaw stated that he had, accompanied by the chief of police, made an investigation of the claim of Oliver York against the city for \$5,000 damages because of his falling out of a buggy on Fields avenue. It was found that at the point where the accident occurred there was no street, Mr. York at the time being on private property. He therefore recommended that the claim be turned down.

New Hampshire Senate Wants Lorimer Expelled.

Concord, N. H., April 14.—Declaring that it appears morally certain that United States Senator William Lorimer of Illinois, obtained his seat by bribery, fraud and corruption, the New Hampshire senate, by a vote of 16 to 6, adopted a resolution informing Senators Gallinger and Burnham that the sentiment of the people of New Hampshire appears to be that Senator Lorimer should not be allowed to retain his seat in the United States senate.

The resolutions were then sent to the house for concurrence, but as there was so much opposition the matter was indefinitely postponed.

Copies of the resolution were ordered sent to each United States senator.

MOVEMENT IN RALEIGH FOR PRIMARY STATE OFFICIALS

Special to Telegram.

Raleigh, April 14.—A number of the state officers here are outspoken in their view that if there is to be a Democratic primary next fall for the settlement of the Simmons-Kitchin contest for the United States Senate for the seat new filled by Senator Simmons, then there ought to also be party primaries for the selection of the Democratic candidates for the state offices. It seems to be pretty generally conceded here that there will be a senatorial primary, whether the contest be confined to Simmons and Kitchin or whether it assumes three-cornered or even greater proportions in the matter of the number of contestants for the senatorship. The advocates of the idea of including the state offices in the primaries, when the party executive committee makes the

call for the senatorial contest insist that to do so will be very little if any more expense and at the same time it will give the freest possible expression of opinion as to the choice of the rank and file of the party for the offices. At the same time it would give an expression by the people as to whether it is the wish of the party to turn out efficient officials because they have had three terms, a service that the friends of the present officers insist, has equipped them for all the better and more efficient service. At least the whole matter can be left to the people if the primaries are made to include state officers as well as United States senator. Some of the state officers oppose the primaries as to their places, but the majority are believed to favor it and, in fact, to be anxious for such primaries.

DID PIERPONT GIVE MONEY TO DEMOCRATS?

By Publishers' Press.

Washington, April 14.—In a speech in the House this afternoon Congressman Goode of Iowa charged that W. C. Beer, who was one of the largest contributors to the Democratic campaign fund in the last election, was in the employ of J. Pierpont Morgan. He stated it had been learned since the elections that Beer is Morgan's confidential agent.

Briggs. This is understood to be a subsidiary company for the Carolina Power and Light Co. and the Yadkin River Power Co., just formed here, for the development of the Blewitt Falls Power plant and the distribution of a great part of the commercial current through transforming plant, here at Raleigh. There is also a charter for the Deep Run Club Co., of Salisbury, capital \$3,000, by C. T. Hartman, J. L. Julian and J. A. Howard.

INSURRECTOS DESTROY SIX RAIL BRIDGES

By Publishers' Press.

Eagle Pass, Texas, April 14.—Railroad communication with the interior of Mexico is blocked, except the Laredo gateway, which is liable to be closed at any time.

By destroying six bridges the insurgents have stopped railroad traffic south of Ciudad.

The first tie up of the roads was in Coahuila.

Freight Car Derailed.

A broken truck caused a freight car to become derailed yesterday at the passenger station and the derailed car was pulled along some distance before the switcher, to which it was attached, was stopped. The car rammed against the McCorkle building, the old roller mills and was ripping the side off the building of the Armour Packing Company when the engineer discovered that something was wrong and stopped.

CHURCHES MAY USE 10,000 GALLONS OF WATER FREE

At yesterday afternoon's session of the Board of Aldermen a motion was adopted whereby water to the amount of 10,000 gallons monthly, will be furnished free of charge to each church in the city. All water used in excess of that amount is to be paid for at the rate of 25 cents per thousand gallons. Heretofore the churches have been charged a special rate of 10 cents per thousand gallons. The motion was made by Alderman King and amended by Alderman Albright, this action being taken at the request of R. R. King and J. W. Fry, representing the First Presbyterian church. They stated that while they were asking that relief be given to the First Presbyterian church in their opinion all churches should have free water. E. P. Wharton, a member of the Water & Light Commission, who was

present, stated that there should be some check on the churches, that if they were given free water without any restrictions those looking after the matter would become careless and allow thousands of gallons of water to be wasted. However, he approved of the plan to be followed by the city, this being that the meter inspector shall continue to ascertain just how much water each church uses each month and charge for all over 10,000 gallons.

Long Flight of Four Persons.

Brussels, Belgium, April 14.—Aviator Souser made a flight today in an aeroplane, carrying his three sisters, and flying from the aviation field at Kiewit to the Belgian capital, a distance of 54 miles.

That "famous free list" proposed by Congress looks good to an agricultural State like North Carolina.

The idea of investigating Mr. Roosevelt's action in taking Panama is preposterous. Ask Mr. Roosevelt.

"Woodrow Wilson's Way" is the caption of an editorial in an exchange. Just now it looks like Wilson's way is the way to the White House.

The best thing about hobble skirts and harem skirts, from the standpoint of a mere man, is that it is next to impossible to step on them.

A movement has been started in Cleveland to honor the name of Tom Johnson by constructing a new park to be known as Johnson park.

It is believed that it will be an altogether satisfactory meeting when Reciprocity Bill sees Bill Taft for the purpose of securing the latter's autograph.

"Actresses should stay single" was the verdict of one who was recently granted a divorce in New York. Actresses, however, are not the only class of people who should stay single, unless they can stay married.

The Philadelphia Record is authority for the statement that Senator Kenyon of Iowa is a Republican Insurgent. He will succeed Colonel Laff Young, who is a Reactionary in capital letters. It appears, therefore, that Iowa is still progressive.

Of course, the way things are going in Congress does not please a majority of the Republican members; but they should not expect the Democrats to run the machine according to their directions. There is nothing on record to show that things were done according to Democratic policy when the Republicans were in power.

A contemporary argues at great length to prove that Senator Laff Young of Iowa is an honest man in his political views. Those who know Senator Young have never doubted this for a moment. However, the principal fact in connection with his views is that most of them are wrong. Young is a standpatter of the most virulent type. His influence in the Senate is just about as harmful to the country as it would be if he were a demagogue.

RELIEF FOR COTTON GROWERS.

If the Democratic tariff reform program goes through a Republican Senate and escapes the veto of a Republican President, the results will afford some relief from tariff exactions to the cotton growers of the South. This relief will come through the placing of cotton bagging and ties on the free list. This action will deal a blow to the combination which has been systematically overcharging the cotton growers for the bagging in which their cotton bales are wrapped and the steel ties with which the bales are bound.

The proposition to place bagging and ties on the free list will meet with general approval in the South. The prosperity of this section is based largely upon cotton and the men who produce it are the backbone of business in the large cotton growing States. Anything which deprives them of a part of the returns for their cotton strikes a blow at the prosperity of the South. There is no question about the fact that Southern planters have been overcharged for bagging and ties, and this process of separating them from their honestly earned dollars was created by the tariff and has been maintained by the tariff.

The only Southern State where pro-

tection and high tariff notions have gained a strong foothold is Louisiana, and it is significant that the New Orleans Cotton Exchange has adopted strong resolutions appealing to Congress to place bagging and ties on the free list. The Cotton Exchange resolutions recite the fact that the bagging and ties trust, "not satisfied with robbing the American cotton planter of nearly \$1,000,000 annually through unjust tariff placed upon bagging and ties under the Payne-Aldrich law is planning to increase their levy on the cotton crop to \$2,800,000 annually."

The members of the New Orleans Cotton Exchange are, presumably, conservative business men and their views are not the ravings of the common herd who are, we are told, bent upon the destruction of the great business interests of the country, through knocking the high tariff props from under them.

No steel ties are imported into this country and the tariff on ties is simply a gift to the Steel Trust; and the money is annually taken from the pockets of Southern farmers and transferred to the coffers of the trust by the high protective tariff process.

The bagging and ties manufacturers have levied toll upon every bale of cotton produced, and it has been going on long enough. The cotton growers are entitled to relief, and a Democratic Congress has promised to use its best efforts to afford this relief.

Binding twine has been on the free list for more than fifteen years and Western farmers have to that extent been exempt from tariff exactions. Southern farmers are entitled to as much consideration as the farmers of the West.

LINOTYPE IS TWENTY-ONE YEARS OLD.

The Mergenthaler Linotype machine is 21 years old. The patent on the machine as it is used nowadays was granted on April 8, 1890.

While the Linotype is young it has revolutionized newspaper publishing in the brief period of a little more than two decades. The modern newspaper would never have been possible without the Linotype. From 25 to 75 machines are used in the offices of the country's largest papers, and a small army of printers would be required in each of these offices to do the same amount of work done by the Linotypes. The machines have greatly decreased the cost of composition, or typesetting, and have made possible the big daily papers of the present day.

The Linotype stands near the head of the list of great latter day inventions and the name of Ottomar Mergenthaler, the man who perfected it, will live to the end of time as one of the greatest benefactors of the human race.

PAY AS YOU GO

(By VIRGINIA HARLAN.)

"I pay cash down for everything," said a girl the other day, "and then I know exactly where I am." What a sensible way to go along. How much misery has been wrought by folks who run into debt. Of course there are certain things in housekeeping for which it is most inconvenient—and perhaps hardly possible—to pay for down on the nail, such as milk and bread, for these necessities are nearly always paid for every week. But with nearly everything else in the eatable line it is far the sounder principle to secure goods in exchange for money over the counter. Rent and taxes, of course can only be settled at regular times, and the danger of running up bills lies in this—that shopkeepers sometimes make an immediate and sharp demand for payment just as rent or taxes fall due, and the consequences may prove disastrous.

The first thing for the girl to do who wishes to keep out of debt is to buy only those things which are necessary and pay for them with ready money. It is far better to sacrifice little fineries of dress, or small luxuries in food, if these cannot be bought with ready cash.

The business girl should exercise the habit of economy by making up her mind to put aside a little money every week for the current expenses during the working days, and she should most rigidly adhere to that fixed sum. It is often tempting, if one is well-known at a store to be induced to buy this or that when the clerk declares with a smile that the amount can stand over, and that the goods will be delivered. Such procedure has many a time led to ruin. If the much desired articles cannot be paid for at the time, let it go. Keep on the right side of your bank balance. Don't, when pay day comes, have to say, "I've mortgaged nearly all my salary and simply must pay the bills."

That is the sort of thing which means the beginning of trouble. It may take a long time to get set straight again.

If you can't afford new clothes, don't run up bills. It is the little things that have a way of mounting up so; a few odds and ends at the dry goods store; a week or two's vegetables at the grocer's; a few pounds of meat at the butcher's and so on. Had all the things been paid for at the time, the money probably might never have been missed, but when all the bills come in at the same time the amount looks big.

Pay as you go, and it will pay you.

At High Point Factories Report Increased Sales

High Point, April 14.—The majority of High Point manufacturers say their sales have been larger for the first three months of this year than during any similar period in preceding years. During a recent investigation throughout the factory district, it has been noticed that at least a dozen of these busy plants are either building new additions or making such interior changes as will greatly enlarge the capacity and facility to get out more goods.

The organ will have a two manual attachment and electricity will furnish the motive power.

At a church meeting just held it was unanimously agreed to accept Mr. Carnegie's offer and a committee appointed to solicit subscriptions for the balance and purchase the organ.

Saved His Mother's Life.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, Ia., "and my children and all my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good. I will always praise them." Electric Bitters is a priceless blessing to women troubled with fainting and dizzy spells, backache, headache, weakness, debility, constipation or kidney disorders. Use them and gain new health, strength and vigor. They're guaranteed to satisfy or money refunded. Only 50c. at Fariss-Klutz Drug Co.

and yet sleepless Hiram Scranton, of Clay City, Ill., coughed and coughed. He was in the mountains on the advice of five doctors, who said he had consumption, but found no help in the climate, and started home. Hearing of Dr. King's New Discovery, he began to use it. "I believe it saved my life," he writes "for it made a new man of me, so that I can now do good work again." For all lung diseases, coughs, colds, la grippe, asthma, croup, whooping cough, hay fever, hemorrhages, hoarseness or quinsy, it's the best known remedy. Price 60c and \$1.00. Trial bottle free. The Sound Sleep of Good Health.

Can not be over estimated and any ailment that prevents it is a menace to health. J. L. Souther, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley Kidney Pills but a short time and now sleep as sound as a rock; my general condition is greatly improved, and I know that Foley Kidney Pills have cured me." Howard Gardner.

"We know where we are today," said the orator, "but who can tell where we will be tomorrow."

"That's right," said the man in the audience. "My wife's thinking of moving, too."—Detroit Free Press.

Modern.
The Prodigal Son had returned disconsolate to the family fireside.
"But where is the fatted calf?" he complained querulously.
The Old Man was equal to the occasion.
"In the front row of the chorus!" he chuckled, waving a couple of seats for a barbershop show before the eyes of the Prodigal Son. And together they made a night of it.—Puck.

A Spring Suggestion by a Trained Druggist.

Appendicitis and many other ills come from Constipation and over-loading with food which the system cannot care for. The bowels must be cleared and antiseptised to give their normal functions and this should not be done by strong Cathartics, as every physician will tell you. Vick's Little Liver Pills have been the bowels and mild stimulation to the lazy liver and thus cure trouble in adults or children.

She—But, George, you could never support two.
He—Well, I'm only looking for one! —Newark Star.

Talk to Mothers.

There is need in the home for cuts, bruises, sores and sprains; children and others are heirs to a real good antiseptic liniment, one which will not burn and hurt worse than the wound itself, and which will give the greatest relief and prevent scars. Vick's Liniment is prepared for this purpose. Take this suggestion from a trained druggist who knows.

"Cheer up, girlie. That was a mean thing to say, but I wouldn't mind."—Louisville Courier-Journal.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

Woman's World

Kansas Woman Teaches Journalism in College.

Miss Sadie Mossler has been added to the staff of the Kansas Agricultural college at Manhattan as an instructor in the department of industrial journalism. She was formerly society editor of the Lawrence (Kan.) Journal and is the first woman in the United States to teach journalism.

Miss Mossler is first assistant to Charles J. Dillon, formerly of the Kansas City Star, who is head of the recently created department and editor of the Industrialist, a paper for farmers, which is issued by the department.

Miss Mossler is one of the best known newspaper women in Kansas and has been in charge of the Journal when its editor, J. L. Brady, has been attending to his duties as state senator. The journalism school aims to train its students to edit country newspapers and to teach them to write intelligently of farm affairs. Miss Mossler has charge of a class in copy reading and soon is to begin a course of lectures.

"Time and again," says Miss Mossler, "when I was in charge of the Journal I was confronted by the problem that we were not interesting our farmer subscribers. I knew that with a six or eight page paper that was circulating largely among farmers there was no good excuse for such a condition. This department is teaching the students how to write in an interesting manner about the farm and everything that pertains to it, and we hope the result will be that Kansas newspapers ultimately will cover news of interest to farmers as well as they do the news of their own town."

"One of our students, who is giving great promise, is going to have a farm daily, a unique idea, but which should be a success. Above all, we are trying to teach them to write good English."

Spring Slippers and Pumps.

Sure, herald of warmer days is the dainty footwear now displayed in the various shops. New some of the slippers certainly are, if not in cut, then in decoration or lining or the shape of the heel.

Last summer there appeared in the latter part of the season black satin and velvet slippers with the thinnest of soles. This spring, however, these same slippers will appear with heavy soles, which will surely make the satin slipper at least rise in popularity, for as a cool foot covering it cannot be excelled.

The stage toe in a modified form is to be seen on the finer grade of slippers, and these will be a boon to the woman with large feet, since the very short vamp detracts considerable from the size of the foot.

The one eyelet pump with the long tongue is shown and is thought will be a general favorite.

Pumps for the young girl have heretofore been a problem, for either the heel was very low or she was forced to take the regulation inch and a half heel, which was generally too high.

Now, however, the manufacturers are turning out patent leather pumps daintily lined with scarlet morocco, with heels about three-quarters of an inch in height.

The flat bow of ribbed silk or leather is used on these, although some come with one eyelet, in which case a large ribbon bow may be tied.

The colored slippers, blue, purple, etc., once popular, will be replaced by tan, black and white, and incidentally the white slipper and shoe in kid, buckskin and canvas will be much worn during the coming season.

Buying Irish Lace.

Queen Mary is now showing her interest in home industries in a practical fashion, and particularly her desire to promote the welfare of the Irish people, by directing the attention of the women of England to the work done by their sisters in the Emerald Isle.

Her majesty has given a large order for some of the choicest Irish lace, principally rose point, Carrickmacross and Limerick, including a beautiful court train in Carrickmacross, applique and guipure.

The queen has also bought a quantity of lace and work done by the St. Helena government lace school, with which she is highly pleased and thinks very pretty. The St. Helena lace industry was started as recently as 1907, in accordance with a scheme of the League of Empire.

Announcements

For Mayor.

To the Citizens of Greensboro:
I hereby announce my candidacy for the office of Mayor and Commissioner of Public Accounts and Finances of the City of Greensboro.

If elected I will advocate broad and progressive policies of government within the bounds of safe and economical business. And I shall endeavor to faithfully and efficiently perform the duties of the office, without fear or favor, but with courtesy and square dealing toward all the people.

Very respectfully,
THOMAS J. MURPHY.

To the Voters of Greensboro:

I hereby announce my candidacy for the office of Mayor and Commissioner of Public Accounts and Finances and if elected to this office, it will be my purpose to keep myself fully informed upon all matters that affect the welfare of the city and I will exercise my best judgment and discharge with fidelity the duties of said office.

Respectfully,
S. H. BOYD.

For Commissioner of Public Works.

I hereby announce myself a candidate for Commissioner of Public Works.

J. ED ALBRIGHT.

To the Citizens of Greensboro:

Having been solicited by a number of citizens and friends to become a candidate for Commissioner of Public Works, which embraces the management of the city's water system, I make this announcement of my candidacy for said position.

W. T. SERGEANT.

To the Citizens of Greensboro:

I hereby announce my candidacy for the office of Mayor and Commissioner of Public Accounts and Finances of the City of Greensboro. If elected to fill the above named office, I shall devote my entire time to the city's affairs.

Very respectfully,
E. J. STAFFORD.

In compliance with the request of certain citizens I announce myself a candidate for the office of Mayor and Commissioner of Public Accounts and Finances.

B. H. MERRIMON.

For Commissioner of Public Works.

This is to announce that I am a candidate for Commissioner of Public Works in the City of Greensboro.

I feel I can perform the duties of this office acceptably to the public, as for the last six years my work has been exclusively street and road work. I shall be grateful for your support.

Respectfully,
J. G. FOUSHEE, JR.

For Commissioner of Public Safety.

To the People of Greensboro:
I hereby announce my candidacy for Commissioner of Public Safety of the City of Greensboro, embracing Fire, Police, Sanitary and Inspection Departments. If elected I shall establish my office at the City Hall and devote my entire time and abilities to the city's interests.

Respectfully,
E. A. BROWN.

For Commissioner of Public Safety.

To the Citizens of Greensboro:
I announce myself a candidate for Commissioner of Public Safety. Consider well the record and business qualifications of each candidate and vote for the best man. If elected I will give all my time and do the best I can to cause Greensboro to go forward.

Respectfully,
J. R. CUTCHIN.

TO THE VOTERS OF GREENSBORO.

I hereby announce myself a candidate for the office of Commissioner of Public Safety. If elected I will devote all my time to the service of the city.

Very Respectfully,
J. W. MERRITT.

FOR PUBLICITY IN CAMPAIGN CONTRIBUTIONS

By Publishers' Press.

Washington, April 14.—The House of Representatives tonight by a unanimous vote passed the Rucker bill, which provides for the publication of all campaign contributions to parties before the elections are held. The House then began considering the Canadian reciprocity bill.

NEGRO

Woman Badly Wounded by Frank Boyd, Ne- gro, Last Evening-- Boyd Escapes.

Last night about 7 o'clock Frank Boyd shot and badly wounded a negro woman by the name of Eva Evans, the shooting occurring in Duplin, a negro settlement noted for the number of scarp and fights within its borders. The negro fled after the shooting and late last night the officers had not been able to locate him. The shot took effect in the woman's right side just under her arm. Dr. Byers attended the injured woman and stated that there was some chance for recovery.

From what could be learned last night it seems that the negroes had been previously engaged in fistfights and, meeting on the street, the quarrel was resumed. Boyd pulled a 38 caliber revolver and fired at the woman who fell screaming at his feet. He then made for the woods.

The Dignity of the Office.

An Indian judge when first appointed to his position was not well acquainted with Hindustani, says the Bombay Gazette. He was trying a case in which a Hindu was charged with stealing a "nilghai." The judge did not like to betray his ignorance of what a nilghai was, so he said, "Produce the stolen property."

The court was held in an upper room, so the usher gasped. "Please, your lordship, it's downstairs."

"Then bring it up instantly!" sternly ordered the judge.

The official departed, and a minute later a loud bumping was heard, mingled with loud and earnest exhortations. Nearer came the noise; the door was pushed open, and the panting official appeared dragging in the blue bull.

The judge was dumfounded, but only for an instant.

"Ah! That will do," said he. "It is always best, when possible, for the judge personally to inspect the stolen property. Remove the stolen property, usher."

"Catgut" From Silkworms.

Probably but a small percentage of the fishermen who use flies strung with fine translucent "catgut" are aware that the almost unbreakable substance that holds the hooks against the fiercest struggles of the struck fish comes from silkworms.

The principal center of the manufacture of this kind of catgut is the island of Procida, in the bay of Naples, but most of the silkworms employed are raised near Torre Annunziata, at the foot of Vesuvius. The caterpillars are killed just as they are about to begin the spinning of cocoons, the silk glands are removed and subjected to a process of pickling, which is a secret of the trade, and afterward the threads are carefully drawn out by skilled workers, mostly women.

The length of the thread varies from a foot to nearly twenty inches.—Scientific American.

Chopin's Likes and Dislikes.

Bach and, above all, Mozart were Chopin's ideals, "his gods," Hummel, Field and Moscheles were his favorite pianists. Field's nocturnes were greatly prized by him. He admired Schubert, though not without reserve. Weber and Beethoven only partially satisfied him. He disliked much of Mendelssohn's music and found still less to praise in Schumann, never using any of his pieces in giving his lessons. He disapproved of Berlioz, and, while he liked Meyerbeer personally, he heartily disliked his music. Liszt says truly that Chopin sought in the great masterpieces only that which corresponded with his nature. "What resembled it pleased him. What differed from it received scant justice from him."—Dole's "Famous Composers."

The Thirsty Elm.

It has been computed that if the leaves of an elm tree sixty feet high were spread out on the ground edge to edge they would cover five acres of land. These leaves, averaging 7,000,000 to a full grown tree, will absorb water to the amount of seven tons during the normal summer day. Were it not for the ingathering by the stomata during the night a few elms would soon draw off all the water from a district.

He Was Prepared.

Three of Them.

Dearborn—Do you know the seven wonders of the world? Wabash—Well, I know three of them. Dearborn—Only three? Wabash—Yes. I've only got three sons, you know.—Exchange.

SEEKS REPEAL FOURTEENTH AMENDMENT

By Publishers' Press.

Washington, April 14.—Congressman Thomas W. Hardwick of Georgia introduced a bill in the House today seeking to repeal the Fourteenth amendment.

For fifteen years Hardwick has been a leader in Georgia in the movement to disfranchise the negroes. He advocated a measure of this nature in the State Legislature about a dozen years ago, and was one of the foremost leaders of the fight which finally resulted in the adoption of constitutional limitations of the franchise in Georgia.

Blossoms.

Peachtrees full o' blossoms,
Violets drooping dew;
I think the Spring is sweeter
Because it smiled on you.

Red roses in the garden,
Touch her finger-tips!
You seem to lack the crimson
That's there upon her lips!

MEYER'S GIVING AWAY MAPLE TREES.

Today has been set aside as Arbor day in Guilford county and the Meyer's Department Store has secured a lot of 2,500 silver maple trees, one for every child in the county who will call for it. It is expected that many little folk will visit the store today in order to get a tree to plant. The movement to cause a greater interest in tree-planting and the care of trees in cities is rapidly spreading and in practically every state in the union a day is set apart for this work.

Women and Society

Avoid the Ridiculous Limit

(By CARA REESE.)

Anything, just so that you do not push to the ridiculous limit. Take the coiffure as it seems to elongate and require a swathing of ribbons and tulle. They say that a shortening process and an elimination of some of the curls and turlowls is now the edict. This shows good sense.

And in the matter of Easter costume and exaggerated heels, it might be well to err on the side of conservative taste and not push out to the ridiculous limit. There is always a limit at which style ends and the grotesque begins. You will find this the case in other directions as well as in the matter of raiment. There are some people who push to the ridiculous limit in household furnishment or the various conveyances of the carriage house or garage. They push and push in the gathering of souvenirs, or in the collection of antiques, or in the new and novel in personal estate.

Then there are others who take up with fads in reading courses, debates, or religions and instead of bringing a sensible conservatism to bear on their studies and investigations, they push and push until they reach the ridiculous limit and bring mockery on a really good system or doctrine. It is this constant pushing to the ridiculous limit which degrades many excellent ideas and purposes and enterprises into laughable disrepute.

There is such a thing as pushing the training of children to a ridiculous limit. There is such a thing as pushing the modern idea of rearing infants to a ridiculous limit. There is such a thing as pushing higher education or accomplishments to a ridiculous limit. When children may only play or indulge in pastime according to established rule and dictatorial oversight; when "baby" must lie like a bump on the log at all hours and never be fondled, caressed or enjoyed by parents, when the unwillingness or unfitness of the capacity for higher study is manifest, it is a little like punishing to the ridiculous limit when following a schedule.

There should ever be adaptations of schedule. Some like the menus printed in orthodox domestic science magazines. These menus cover the daily meals and they deal with foods in season. But the housewife who gives up, or who wears out her energy, in seeking for the special fruits, vegetables or compounds listed is pushing on to a ridiculous limit of reliance on printed schedule.

The wise policy is to be well informed on modern methods as to fashion, training or in home making and its duties, but to adapt to suit your own style, or the temperament of the children, or the stock on hand. Never be forced to the ridiculous limit in anything. Place some dependence on your skill as a mother or housekeeper, or even on your intellectual grasp as a club woman. Keep the modern table of contents where you may glance at it now and then—but beware the ridiculous limit.

McNeil Society Girls Entertained Friends.

The McNeil literary society, composed of girls in the upper classes of the Greensboro high school, yesterday afternoon entertained the Ionian literary society and the boys' debating societies, Philomelan and Diaphesian, for the purpose, as the president, Miss Agnes Ellinwood, explained, of "spreading knowledge of the work we are doing and in the hope that you may derive some pleasure from the program."

This was so varied and so well rendered that frequent applause was elicited from the appreciative audience. For an hour the company assembled in the Smith memorial building enjoyed the splendid efforts of the entertaining society.

The program was in charge of Miss Mary Moore and every number was highly interesting, deserving much credit for the ability of the young ladies. But the special feature of the occasion and that which measured by even such a high standard, was the most creditable of the program, was the play "The Wrong Package." The stage was decorated in distinct college style, representing a girl's room in a college dormitory. The characters depicted a typical scene in life at a girls' boarding-school. Misses Mattie Lee Rives and Janey Mitchell, respectively as Margarette and Jessie, played the leading parts with excellent effect. Miss Eleanor Moore, as Jenny, the foolish maid, very successfully carried out the mistake upon which the play was based; while Miss Myrtle Preyer was the typical representative of the faculty, stern, dignified, and haughty. The entire play, fast in action and abounding in humor, was greatly enjoyed.

The program as a whole, follows: Solo—"Only a Rose," Miss Myrtle Preyer. Piano Solo—Miss Emma Anderson. Jokes—Miss Nina Hobbs. "The Wrong Package"—Players. "When You and I Were Young, Maggie," and "Soldier's Farewell." Quartet—Misses Hilda Ogburn, Nellie

Clapp, Janey Mitchell and Mattie Lee Rives. Piano Solo—Miss Edna Gilliland. Piano Solo—Miss Nellie Clapp.

Close of Rocky

Knoll School an Interesting Event

A number of Greensboro Juniors went out to the Rocky Knoll school, four and a half miles south of the city, yesterday morning to present to the school in behalf of Greensboro Council, No. 13, Jr. O. U. A. M. a Bible and flag. Despite the fact that it was raining the school room was crowded to its capacity and many stood around the windows. The presentation addresses were made by W. H. Swift and N. L. Eure, the former presenting the flag and the latter the Bible. County Superintendent T. R. Foust accepted the Bible and flag. The exercises were presided over by N. Rush Hodgkin.

After the presentation exercises dinner was served on the grounds, a most bountiful repast being spread, and a most enjoyable social hour was spent, the patrons of the school and friends commingling together in a joyous way. In the afternoon the children rendered a most delightful program of songs, recitations, etc.—Miss Bessie Deans is principal of the school.

Lyceum Committee

Reorganized; McLean Made Chairman

The committee which is managing the Lyceum course in this city was reorganized at a meeting held yesterday afternoon. C. C. McLean was elected chairman of the committee, which is composed of the following gentlemen and ladies: Rev. Melton Clark, Rev. E. K. McLarty, W. L. Carter, L. H. Martin, C. M. Vanstory, N. J. Causey, A. H. King, W. C. Jackson, Miss Elizabeth Adams, Miss Lottie Phillips.

The committee is planning for next season a Lyceum course which will be larger and better than that of the past season. It will be obtained at a greater cost than the course of the past season, and the committee hopes the people who enjoyed the course last season and many others will rally to the support of the leaders of the movement and assist in making it an even greater success than was the course during the past season.

FREE LIST BILL PROPOSED BY DEMOCRATIC HOUSE

**Will Save Consumers Millions and
Reduce Government's Revenue
Less Than Million and Half—List
of Articles to Be Placed on Free
List.**

Washington, April 14.—The Free List bill, to be called up after the passage of the reciprocity bill, being a caucus measure, cannot be amended by the party in charge of it. Under the new rule adopted by the Sixty-second Congress no general tariff amendments can be offered by the minority, because each amendment must be germane to some particular item in the bill. Considerable debate is expected on this bill, but the Democratic leaders expect that it will be ready for the Senate within two weeks.

The articles designated by this bill for the free list would make a difference, as compared with the present duties and revenue, of less than \$1,500,000.

The complete list of articles to be put on the free list by the bill is as follows: Plows, harrows, headers, harvesters, reapers, agricultural drills and planters, mowers, horse rakes, cultivators, threshing machines, cotton gins, farm wagons, farm carts, and all other agricultural implements, including repair parts.

Bagging for cotton, gunny cloth and fabrics suitable for bailing cotton; burlaps and bags for bailing agricultural products; loop or band iron or steel for bailing cotton, wire for bailing hay, straw and other agricultural products; grain leather, buff, split, rough or sole leather, band or belting leather, boots and shoes, harness, saddles and saddlery, and leather for manufactured articles; barbed fence wire, wire rods, wire strands or wire rope, wire woven or manufactured for wire fencing.

Beef, veal, mutton, lamb, pork and meats of all kinds, fresh, salted, pickled, dried, smoked, dressed or undressed, prepared, or preserved in any manner; bacon, hams, shoulders, lard compounds and lard substitutes; sausage, buckwheat flour, corn meal, wheat and rye flour, bran, middlings, and other offals of grain, oatmeal and rolled oats, and all prepared cereal foods; biscuits, bread, wafers and similar articles not sweetened; timber, hewn, sided or squared, round timber used for spars or in building wharves, shingles, laths, fencing posts, sawed boards, planks, deals and other lumber, rough or dressed, except ebony, mahogany, rosewood and all other cabinet woods.

The free-list was prepared by Representative Kitchin, a member of the Ways and Means Committee, who studied it carefully with a view to striking in the high places.

"During the year 1909," said he today, "the Beef Trust of this country exported \$132,000,000 in meat products. For the last five years we exported annually an average of \$175,000,000 worth

The export of hams and bacon for 1909 amounted to \$50,000,000. The duty on bacon and ham is 4 cents a pound.

"Foreigners are able to buy American bacon and ham for about 2 cents less than we do. The Trust fixes the price here. We imported \$1,350,000 worth of meat products in 1909 and \$94,885 of bacon and hams. The duty is literally prohibitive. These things we transfer to the free list."

Lard, another interesting meat product, is on the Underwood free list. In 1909 this country exported \$53,000,000 and imported \$54,000 worth. The duty was reduced by the Payne-Aldrich bill from 2 cents to 1 1/2 cents a pound.

An examination of the list of imports of meat products reveals the fact that foreigners in this country send back to the old countries for certain favorite stuff. The Democrats say that the importations would amount to nothing if it were not for the peculiar taste of foreign-born residents.

Exportations of farm implements brought \$20,000,000 to American manufacturers in 1909 and the average sum for importations has been about \$40,000 for five years. In the farmers' implement list there are at least 100 different kinds, all carrying duties. Common farm wagons pay 35 per cent. A wagon that sells for \$100 in Canada brings \$135 here. Hay tedders, feed-cutters, grain crushers, field-rollers and manure spreaders pay 45 per cent.

The Democrats of the Ways and Means Committee charge the Republicans with hiding schedules on many important implements, so that they could argue that an average duty of about 15 per cent. was charged. For instance, they say grain cutters are listed in the steel schedules.

The Underwood bill transfers these to the free list. Free cotton bagging and cotton ties, it is argued, will save the farmers 10 cents a bale or \$1,800,000 on a 13,000,000 bale crop, and on sacks for wheat, corn and peanuts, \$5,000,000 annually. The ad valorem duty on coarse sacks is 33 per cent.

Wire fencing pays a duty of 45 per cent. The Underwood bill will save the American farmer \$5,000,000, its framers say, and cheat the Government out of very little revenue. Lumber, rough, planed and dressed, comes in free. It is estimated that this will save Western people \$20,000,000.

"Outside of lumber and bags or sacks," said Mr. Kitchin, "our bill does not cut off \$200,000 of revenue. The duties charged now are prohibitive. We export and do not import. Our goods sell in competition with those of the world."

Flour is used as an illustration of what the free list will do. The ad valorem duty on it is 25 per cent. Transferred to the free list flour will cross the Canadian line at a saving of \$1.17 a barrel to the American consumer. Putting sewing machines on the free list should reduce the price from \$5 to \$7.50 a machine, as they bear a duty of 30 per cent.

One million dollars worth of boots and shoes were exported and \$105,000 imported in 1909. The duty now is 15 per cent.

The man who marries after falling in love at first sight is apt to become a firm believer in second sight later.—Chicago News.

Joash, the Boy King, Crowned in
Judah. 2 Kings xi:1-20.

Golden Text—Blessed are they that keep his testimonies, and that seek him with the whole heart. Ps. 119:2.

(1.) Verses 1-3—Who was Athalia; her parentage, position, character, etc? (2.) When a child turns out bad whose heredity and environment were as vile as they could be, how much is he or she to be blamed?

(3.) Whose son was Joash?

(4.) Who was Jehoiada?

(5.) Who was instrumental in saving the child Joash from the murderous intent of his grandmother Athalia, and how was it done?

(6.) Verses 4-12—If an individual, a company, or a nation is established and carried on by unrighteousness what will be the probable results?

(7.) Can you give from your own experience, or from history, any instance where wrong actions have brought about right results, or can you conceive of such a thing as possible?

(8.) When those who are in authority are usurpers, and when the regular legal processes fail to dispose of them, what should the people do?

(9.) On what grounds do you justify the high priest Jehoiada for planning the death of the reigning queen, and by force, putting the boy Joash on the throne?

(10.) What can you say from this history in favor of the possibility of right environment overcoming in a child the worst kind of heredity? (This question must be answered in writing by members of the club.)

(11.) What can you say for, or against, private citizens carrying fire arms?

(12.) Verses 13-16—How did Ahab and Jezebel, the father and mother of Athalia, die?

(13.) What are the chances that those who practise violence will themselves receive violent treatment?

(14.) Why, as a rule, is it impossible for us to get from others any different kind of treatment to that which we give them?

(15.) Verse 17—What are the chances for national success when both rulers and the people are serving the Lord?

(16.) What is the probability for national greatness when the rulers and the people are corrupt?

(17.) Verse 18—What relation does the success of a people bear to their religion?

(18.) How many centuries will the prosperity of this country continue, if we forsake the precepts of Jesus Christ?

(19.) Verses 19-20—Why is it impossible for a really happy people to be turbulent and revolutionary?

(20.) What is the relation of the present day Christian Church to the prosperity of the masses?

TWO ELECTIONS SOON.

Citizens of King's Mountain to Vote on Proposition of \$25,000 Bond Issue for Good Roads and Municipal Officers.

Kings Mountain, April 14.—As the result of a petition signed by the majority of the voters in Kings Mountain precinct, the county commissioners have ordered an election to take place May 16, for a \$25,000 bond issue for good roads. It is thought that sand-clay roads will be constructed. If the bond issue carries, roads will be built for four or five miles in each direction leading into Kings Mountain.

On May 2 the municipal election takes place. There will be at least two tickets in the field for mayor and other officers, and from all indications the campaign will be very warm.

Master (to new cook)—We want you to show what you can do tonight, Jane. We have some rather special people coming for a musical evening. Do your very best, you know.

Cook—Sure, sir, that I will. It's a long time since I did any singing; but you can put me down for a couple of comic songs if you like.

SPARTANBURG MANAGER RELEASES FIVE MEN

Spartanburg, April 13.—Manager Laval has released five of his men. They are shortstop Jack Spaulding, pitchers Fursedum, and Walker; outfielder, Burns, and catcher Tittle. They are all good men and have a number of offers to play this year. Fursedum hurt his arm pitching an exhibition game. Walker was a little slow in getting into condition. Spaulding is a dandy good man and may catch on with some other team in this league. Burns lacks experience in the outfield, but should make a good man with a year's work with some team. Tittle has several offers to play. He is a high-priced man and was let go in order to keep the team within the salary limit.

The release of these five men cuts the team down to the following men:

Catchers, Westlake and Moroe.

Infielders, Laval, McDuff, Bray, Williams and Wetterer.

Outfielders, Walker, Wofford, Shepard.

Pitchers, Vickery, Lyons, Jameson, Jones, Smith, Hill Myers, and Tate.

Those to report are: Catcher-outfielder, McCraney and Kennedy; catcher Hudson; pitcher Wyche and infielders Wideman and Stevenson.

Masks of the Marquesans.

The Marquesans of a generation ago were the most completely and artistically tattooed people in the Pacific, and the practice of tattooing is carried on among them to a certain extent today. The really fine pieces of work, however, such as the famous right leg of the late Queen Vaekehu of Nukahiva, are confined entirely to the very old, and, what with wrinkles, deformities and the wear and tear of time, these have lost most of their original sharpness of color and outline. None of the new generation appears to have the fortitude to endure the exquisite pain incident to having a whole limb picked out in a lacework of geometric design or the face barred and circled like a coarse spider's web. Women are rarely tattooed at all now, and most of the young men are satisfied with a broad band of solid black, not unlike a highwayman's mask, which reaches across the face from ear to ear, giving to their never overmild looking countenances an expression of amazing ferocity.—Lewis R. Freeman in New York Tribune.

WASHING WITHOUT WATER

Is Like Trying to Get Rid of Dandruff Without Herpicide.

Did you ever see any one trying to wash themselves without soap or water?

If you did what would you say of him?

It is every bit as foolish to try to get rid of Dandruff and to prevent Baldness by feeding the germs which cause it, with Cantharides, Yaseline, Glycerine and similar substances which form the principal ingredients of most so-called Hair Vigors.

Newbro's Herpicide is successful because it attacks and kills the parasite germ which feeds on the hair roots.

BRONCHITIS

To Whom It May Concern.

Bluevale, Ont., May 4, 1910. "I was sick for two years with chronic bronchitis and a consequent run-down condition. I received no benefit from doctors or from a trip which I took for my health and I had to give up work. Vinol was recommended and from the second bottle I commenced to improve. I gained in weight and strength, my bronchial trouble disappeared, and I am at work again. I want to recommend Vinol to anyone who is in need of such a medicine." Thomas Higgins. (We guarantee this testimonial to be genuine.)

It is the combined action of the curative elements of the cods' livers aided by the blood making and strength creating properties of tonic iron contained in Vinol which makes it so successful in curing bronchitis.

Vinol is a constitutional remedy for chronic coughs, colds, bronchitis and pulmonary troubles, not a palliative like cough syrups.

Vinol contains no oil or drugs and is far more efficacious than cough mixtures, because it cures the cause. Try it. If you don't think it helps you, we will return your money. Fariss-Klutznick Drug Co., Greensboro, N. C.

GENUINE ECZEMA CURE.

New Remedy That Cures Eczema Quickly.

Howard Gardner has sold hundreds of jars of Hokara in the last few weeks, and although he offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself, yet the most marvelous thing to him is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief and cure in Hokara. You can buy a liberal sized jar for 25c and with every package goes Howard Gardner's guarantee to refund the money if it is not satisfactory. Larger size, 50c.

TESTIMONIAL.

I wish to state for the benefit of any one suffering from eczema, that I had eczema on my hand for some time and could find nothing that would cure it until I used Hokara. One 25c jar entirely cured me. Wm. Nieholz, 621 1-2 Central Ave., Ft. Dodge, Iowa.

Important Changes in Passenger Stations, Lynchburg, Virginia, on and After Sunday, April 16, 1911. Southern Railway New Passenger Station, Located on Buchanan Street, Between Sixth and Seventh Streets.

Southern Railway at great expense has built a new line through the city of Lynchburg, Va., in order to improve and expedite the service. Southern Railway New Passenger Station, located on Buchanan Street, between Sixth and Seventh Streets, Lynchburg, will be opened for service and use, effective 12:01 a. m., Sunday, April 16, after which time following trains will use this station exclusively:

Southern Railway Station—Buchanan Street.

Southbound, Train No. 25, scheduled to leave Lynchburg 9:20 a. m.

Southbound, Train No. 43, scheduled to leave Lynchburg 4:07 p. m.

Southbound, Train No. 29, scheduled to leave Lynchburg 9:16 p. m.

Southbound, Train No. 31, scheduled to leave Lynchburg 11:07 p. m.

Southbound, Train No. 41, scheduled to leave Lynchburg 3:28 a. m.

Southbound, Train No. 37, scheduled to leave Lynchburg 3:48 a. m.

Northbound, Train No. 26, scheduled to leave Lynchburg 7:15 p. m.

Northbound, Train No. 38, scheduled to leave Lynchburg 1:27 a. m.

Northbound, Train No. 42, scheduled to leave Lynchburg 1:45 a. m.

Northbound, Train No. 32, scheduled to leave Lynchburg 3:45 a. m.

Northbound, Train No. 30, scheduled to leave Lynchburg 5:22 a. m.

Northbound, Train No. 36, scheduled to leave Lynchburg 5:25 p. m.

Trains Nos. 25 and 26, 41 and 42, are the "Memphis Special" and "Washington and Chattanooga Limited," respectively, and are through trains via Southern Railway in connection with the Norfolk & Western Railway, and all of the trains, as above indicated, including Nos. 25 and 26, 41 and 42, will use this new Southern Railway Station exclusively, going through Lynchburg without transfer or change.

All other trains of the Norfolk & Western Railway, also all trains of the Chesapeake & Ohio Railway, will continue to use the present Union or Norfolk & Western Station.

The following trains of the Southern Railway will not go into the new Southern Railway Station, but will continue to use the present Union, or Norfolk & Western Station, viz:

Union or Norfolk & Western Station.

Southbound, Train No. 19, scheduled to leave Lynchburg 8:38 a. m.

Southbound, Train No. 35, scheduled to leave Lynchburg 2:25 p. m.

Southbound, Train No. 9, scheduled to leave Lynchburg 3:05 p. m.

Northbound, Train No. 20, scheduled to leave Lynchburg 7:30 p. m.

Northbound, Train No. 44, scheduled to leave Lynchburg 1:07 p. m.

Northbound, Train No. 10, scheduled to leave Lynchburg 7:30 a. m.

The passengers tickets do not cover the transfer, where a transfer is necessary, for either passengers or their baggage, between the New Southern Railway Station on Buchanan Street and the old Union or Norfolk & Western Station at Lynchburg.

Therefore: All through passengers via Lynchburg by Southern Railway in connection with the Norfolk & Western Railway, except Southbound passengers using Southern Railway trains Nos. 9, 19 and 35, and Northbound trains Nos. 10, 20 and 44 (which will, as above stated, continue to run into the old Union or Norfolk & Western Station) will, at their own expense, make their own transfer arrangements at Lynchburg, for themselves and their baggage, between the Southern Railway New Station on Buchanan Street and the present Union or Norfolk & Western Station.

Southern Railway trains Nos. 25 and 26 and 41 and 42, as indicated above are through trains operated by the Southern Railway, in connection with the Norfolk & Western Railway.

All through passengers via Lynchburg by Southern Railway in connection with Chesapeake & Ohio Railway, except Southbound passengers using Southern Railway trains Nos. 9, 19 and 35, and Northbound trains Nos. 10, 20 and 44 (which will, as above stated, continue to run into the old Union or Norfolk & Western Station) will, at their own expense, make their own transfer arrangements at Lynchburg, for themselves and their baggage, between the Southern Railway New Station on Buchanan Street and the present Union or Norfolk & Western Station.

The approximate distance between these two stations is a little more than a mile.

N. B.—Foregoing schedule figures shown only as information and are not guaranteed.

E. H. COAPMAN, Vice President and Manager.

ANNUAL MEETING NORTH CAROLINA LIBRARY COMMISSION

Raleigh, April 14.—The North Carolina Library Commission held its annual meeting in the commission office yesterday afternoon at 3 o'clock.

The following officers were elected for the ensuing year: Dr. Louis R. Wilson, Chapel Hill, chairman; Mrs. Sol Weil, Goldsboro, vice-chairman, and Dr. Charles Lee Smith, Raleigh, treasurer. The other members of the commission are Dr. J. Y. Joyner and Mr. Miles O. Sherrill. The executive officer is Miss Minnie W. Leatherman, secretary.

The reports of the various officers showed a steady growth in the work of the commission during the past year. The most significant event was the passage of a public library law by the recent legislature, and plans were made at the meeting yesterday to wage a vigorous campaign looking toward the establishment of public libraries in all towns of the State having a population of over 3,000.

During the month of June the secretary will attend several of the summer schools for teachers, giving lectures on books and libraries. In addition she will conduct a summer library school in Raleigh. Librarians and those under definite appointment to library positions, will not be charged tuition.

It was decided to establish a small general loan collection. This collection will consist of several debate libraries and of a few books most useful in the preparation of speeches, essays and papers for clubs and library societies. There is a great demand for this sort of material and heretofore there has been no means of supplying it.

Nervous Women

For nervous, tired women, we recommend Cardui. Cardui is a woman's medicine. It acts specifically on the female organs and has a tonic, building effect on the whole system. It contains no harmful ingredients, being a pure vegetable extract. If you suffer from some form of female trouble, get Cardui at once and give it a fair trial.

TAKE CARDUI

It Will Help You

Mrs. W. W. Gardner, of Paducah, Ky., tried Cardui and writes: "I think Cardui is just grand. I have been using it for eleven years. I am 48 years old and feel like a different woman, since I have been taking it. I used to suffer from bearing down ains, nervousness and sleeplessness, but now the pains are all gone and I sleep good. I highly recommend Cardui for young and old." Try it.

Commissioners of Greenwood County, S. C., Refuse to Pay Rural Policemen Appointed By Blease—Mandamus Proceedings Instituted.

Greenwood, S. C., April 14.—Attorney D. H. Magill has instituted mandamus proceedings against the foreman of the grand jury of Greenwood county and the county board of commissioners to compel the payment of the first month's salaries due the three rural policemen appointed by Governor Blease. The county through its attorney, Mr. E. S. F. Giles, claims that the appointments not being legal the claim cannot be allowed, even if they were presented with the endorsement of the foreman of the grand jury, the act requiring all claims for salary to be approved by the foreman of the grand jury before the supervisor of the county can issue a pay warrant.

In this case the foreman of the grand jury has refused to endorse the claim for salary and on this account he is made a party to the proceedings.

Mr. Magill has an order from Judge Watts in the proceedings returnable

next Monday morning at 10 o'clock or as soon thereafter as counsel can be heard.

The appointments were made by Governor Blease on the recommendation of Mr. Magill, who is seeking the writ of mandamus, a member of the delegation.

The act providing for the appointment says the appointments shall be made upon recommendation of the delegation and, as the other members of the delegation did not join in the recommendation, the county, through its attorneys, claims it will be illegal to make the payments.

HILL

Ambassador to Germany Resigned—Resignation Accepted by Taft

By Publishers' Press.

Washington, April 14.—President Taft this afternoon accepted the resignation of David Jayne Hill, ambassador to Germany. Neither the ambassador's letter of resignation nor the President's acceptance stated the cause of the resignation. Ambassador Hill had been in this country three weeks on leave of absence.

DENMAN THOMPSON DEAD.

Aged Actor, Author of "The Old Homestead." Died Yesterday At New Hampshire Home.

West Swanzey, N. H., April 14.—Denman Thompson, the aged actor, died at his home here today.

Mr. Thompson had been ill of heart trouble and uremia since last month. Henry Denman Thompson, who made famous "The Old Homestead" was born in a log cabin in the hamlet of Beechwood, 3 miles from Girard, Pa., on October 15, 1833.

At 14 Thompson went to his father's old home at West Swanzey and for three years worked with his father, Captain Rufus Thompson, as a carpenter. When 17 he set out for Boston in search of employment and soon after joined Tyson's circus as a property boy and actor. The following winter he made his first stage appearance as a "sue" under Charlotte Cushman, who was playing in Lady Macbeth at the Howard Athenaeum. Two years later, in Lowell, he had his first speaking part and following this he went about the country playing Irish and negro sketches.

While travelling Thompson was taken ill with rheumatism and as he lay in bed in Pittsburgh he thought out the sketch called "Joshua Whitcomb," which later developed into "The Old Homestead."

At Boston Theatre in 1886, "The Old Homestead" was first produced and it had a continual run since that time.

COUNTY TAX ASSESSORS

Are Expected by Corporation Commission to Do Most of the Work of Raising Property Assessments.

Special to The Telegram.

Raleigh, April 14.—In a letter to the recently appointed county tax commissioners, new tax officers created by the recent legislature to serve under the immediate supervision of the corporation commission as state tax assessors, the commission declares that the success or failure of the 1911 Revenue and Machinery Acts for state taxes depends upon the fidelity and accuracy of the assessors in the counties in the discharge of their duties.

"If you succeed in listing all the taxable property," writes the commission, "and assessing it at its true value in money, nothing will be left for the county or the state board of equalization to do." The commission explains to the assessors that the terms "market value" and "true value," wherever used in the tax laws are specified by the Machinery Act to mean "what property and subjects would bring when sold in such manner as such property is usually sold."

REBELS

Capture Town of Agua Prieta—Will Have Headquarters for Sonora There.

By Publishers' Press.

Agua Prieta, April 14.—Agua Prieta is to be made headquarters of the rebel operations in Sonora. The town is in full possession of 600 armed rebels. When the troops were seen advancing this afternoon the inhabitants of both Agua Prieta and Douglas were thrown into a fever of excitement. In the former the rebels made ready to resist, while in Douglas the people sought places of safety, remembering the occurrences of yesterday. The apprehension was lessened somewhat when it was learned that the approaching band was rebel reinforcements.

Aqua Prieta, Mexico, April 14.—At 1:45 o'clock this afternoon the federal troops advanced on this place, which was captured Thursday afternoon by the insurgents under command of General Lopez.

The battle opened with an attack on the rebel garrison from the west. The rebels occupied a strong position and the fighting was fierce. Early in the battle the federalists brought a machine gun into action. The advance was held outside the town by heavy resistance, and it was seen when the firing opened that the insurgents were able to make a good stand.

The fighting is still in progress.

Easter Program at Whitsett Institute

Whitsett, April 14.—The following program for Easter has been arranged, and many visitors will be here. A number have already arrived.

Sunday, April 16, 10 a. m.—Easter service by the Y. M. C. A. with special music for the occasion.

Monday, April 17, 3 p. m.—Game of baseball, Whitsett Institute versus Jamestown High School.

Monday, April 17, 8 p. m.—Entertainment by Star Literary Circle, followed by reception in Society halls to visitors and friends.

In addition to the game here on the home grounds on Monday the baseball team will play the strong Bingham school team at Mebane on Saturday, the 22d.

Mecklenburg County Woodmen Organization.

Charlotte, April 14.—There was an enthusiastic meeting of representatives from the various Woodmen of the World camps, throughout the county, on Wednesday evening, and an organization, which is to be known as the Mecklenburg County W. O. W. Association, was formed. There will be a second meeting of this newly formed association on May 11 in the hall of the Hornets' Nest Camp, on East Trade street. The following named officers have been elected:

President, T. K. Crenshaw, Camp No. 94; first vice president, J. Wetzel, Camp No. 69; second vice president, J. M. Tomberlin, Camp No. 132; secretary and treasurer, W. A. Short, Camp No. 123; executive committee: T. A. Smith, Camp No. 71; W. S. Charles, Camp No. 96; W. P. Query, Camp No. 123; S. A. Cathcart, Camp No. 136; R. L. Dorton, Camp No. 126.

NEWS OF SPORTS

GIANTS

Lost Ball Park by Fire--Polo Grounds Buildings Destroyed.

New York, April 14.—The New York Nationals did not play their scheduled game with Philadelphia here today. The Polo grounds, their magnificent home at the foot of historic Corigan Bluff, in the upper part of the city—the biggest baseball arena in the country—was swept by fire during the early morning hours and at sunup everything inside the fence was a blackened ruin except the leftfield bleachers and the club house.

Whether the four games scheduled with Brooklyn on the 15, 17, 18 and 19, can be played, is problematical. The bleachers which remain will seat about 9,000 and Manager McGraw hopes to obtain permission from the underwriters and the city authorities to use them while adjustments and repairs are under way. A new grandstand cannot be constructed within several weeks.

Manager McGraw thought the loss might reach \$250,000.

Low water pressure enabled the fire to do more damage than would ordinarily have been possible.

New York, April 14.—After a careful investigation today of the fire which destroyed the grand stand and a large part of the bleachers at the Polo grounds, John Higgins, the retired fire captain, who is the custodian of the grounds, stated that he believed the fire was of incendiary origin.

It is said the loss amounts to \$400,000, instead of \$250,000, the estimate of McGraw.

NATIONAL LEAGUE.

Boston, April 14.—Brooklyn walked away with Boston today to the tune of 15 to 2.

Chicago, April 14.—St. Louis 2, Chicago 1 was the result of the battle royal today, which was one of the snappiest exhibitions of the national game imaginable.

Cincinnati, April 14.—Pittsburgh-Cincinnati game postponed on account of wet grounds.

AMERICAN LEAGUE.

Detroit, April 14.—Detroit put it over Chicago today by the score of 6 to 0.

St. Louis, April 14.—The Cleveland-St. Louis game was won by Cleveland, the score being 7 to 5.

New York, April 14.—New York-Philadelphia game postponed on account of rain.

Washington, April 14.—Boston-Washington game rained out.

A. & M. College To Meet Knoxville. Tuesday afternoon at Cone park A. & M. College baseball team will meet Knoxville College team, of Knoxville, Tenn. Knoxville comes here with a record of having played thirty-five games during the past two years, winning thirty, tying three and being defeated twice.

"ADDIE" JOSS DEAD.

Toledo, Ohio, April 14.—Adrian C. Joss, better known in the baseball world as "Addie" Joss, well known pitcher of the Cleveland American League baseball team, died at his home here at 1:45 o'clock this morning. Death was due to tubercular meningitis, from which he had been a sufferer since last Sunday. Joss was 31 years old. He is survived by a wife and two children. He was a 32d degree Mason and a member of the Mystic Shrine.

Joss joined the Cleveland American League Club in 1903 under the management of William R. Armour, present owner of the Toledo Club. He became one of the premier pitchers of the country and had the honor of pitching a no-hit, no-run game against the Chicago White Sox in 1908, his opponent being Ed Walsh.

Joss began his baseball career in Juneau, Wis., in 1898, with a semi-professional team. He was "discovered" by Charles J. Strobel, at the time owner of the Toledo club in the Inter-State League.

Walter Johnson Signs For Three Years.

Washington, April 13.—Walter Johnson, the Washington American league star pitcher, who left the team while at Atlanta in training, refusing to sign for a salary less than \$7,500, has come to terms with the club and contracted for three years at a figure said to be \$21,000 for the term. Johnson has resumed training and will pitch either tomorrow or Saturday.

TOBACCONISTS

LOST LAST GAME BY SCORE OF 6 TO 5

Doyle's Patriots Played Errorless Game Yesterday Afternoon—Off to Lynchburg for Two Games—Guilford and Chapel Hill Today at Cone Park.

In a good game of ball at Cone park yesterday afternoon, the last winning excepted, Doyle's Patriots took the second game from the Tobacconists by the close score of six to five.

Wallace twirled for the Patriots and until the ninth inning he pitched a fine game, allowing only five hits and hitting three men. In the ninth he weakened, however, and Eldridge had to be called to the rescue after two men had crossed the plate and bases full and one man out. He was given errorless support. Brady twirled for the Tobacconists and seven hits were secured off his delivery, which with five passes and four errors gave the game to the locals.

Doyle and Ware starred with the stick, getting a double and a single each. Doyle on third handled four chances in fine style. Corwin had six chances, while Nippert held down the six that came his way.

Wallace fanned six men, as did his opponent, Brady. Eldridge fanned one out of two chances and a third.

Off to Lynchburg.

The Greensboro team leaves this morning for Lynchburg to play the Lynchburg boys today and Monday. Tuesday they will play Danville on the Tobacconists' diamond.

Quakers vs. Tar Heels.

This afternoon at 3:30 o'clock at Cone park the Guilford College team will meet the team from the University of North Carolina. This will be a hard fought game as the teams are of about equal strength. It is expected that a large crowd will witness the contest if the weather is fair.

Will Play At Charlottesville.

A message received yesterday from Chapel Hill was to the effect that the final game of the Carolina-Virginia series would be played in Charlottesville next Friday as originally scheduled.

Amateur Game.

West End defeated the Spring Garden street team yesterday by the score of one to nothing. The feature of the game was the base-stealing of Angel. Batteries: Spring Garden street, Forney and Saddler; West End, Tunstall, Moore and Butler.

Three Jockeys Injured.

By Publishers' Press.

Norfolk, Va., April 14.—Three jockeys, Bell riding Kerran, Adams riding Whin, and Connelly riding Forrest, were dangerously injured by their mounts falling at the race track this afternoon.

Wake Forest Man In City.

J. P. Tucker, of Wake Forest College, will arrive this morning to make the final arrangements for the annual Wake Forest-Davidson debate, to be held here next Monday night. This will be the final debate between the two colleges and the result will be awaited with much interest by the friends of the two colleges. Each college has won the loving cup offered by the Chamber of Commerce for the best two out of three debates and the winner this year will keep the cup permanently.

Many Children

Heard Stories Told

With the threatening weather of yesterday 112 little children attended the library story hour. None of the grown folks who had the pleasure of watching their bright faces could doubt that their new friend, Mrs. Campbell, easily won all hearts with the three charming stories, in which she told in winning and tender words so many lessons of springtime.

The boy marshals and the faithful little leaders of the march gave as usual very helpful service to all the rest and the music was excellent, being the very best banjo music by the children's good friend, J. H. Shaw.

W. R. Patterson

Died Yesterday

W. Robert Patterson died yesterday morning at 9:40 o'clock at his residence, 312 Walker avenue, following an illness of ten weeks. He was 42 years of age and is survived by his wife and two children.

The funeral will be held from West Market Street Methodist church Sunday afternoon, conducted by the pastor, Rev. E. K. McLarty. The interment will follow in Green Hill cemetery.

Mr. Patterson was well known and was held in high esteem by all who knew him. He was a member of Buena Vista Lodge of Odd Fellows and a charter member of Greensboro Camp, Modern Woodmen of America. The funeral will be attended by the members of the two orders in a body.

LADY DECIES WILL MEET

KING GEORGE IN MAY.

By Publishers' Press.

London, April 14.—Vivian, Lady Decies, second daughter of George J. Gould, won a signal social triumph in the very outset of her life on English soil, arrangements having been made whereby she will be the first American lady to be presented to King George V. The presentation will take place on May 10 at Buckingham Palace. Mrs. White-law Reid, wife of Ambassador Reid, will present Lady Decies to his majesty.

A little travel is a dangerous thing. It may make a fool of a man upon a great many subjects.
